EDUCATION

Amity University

Bachelor of Technology (Computer Science And Engineering)

Lucknow,Uttar Pradesh

Graduation Date: Dec 2020

WORK EXPERIENCE

QuestionPro

Pune,Maharashtra

Full Stack Developer

May 2022 - Dec 2022

- Spearheaded the implementation of code conversion tools, enabling a smoother transition from legacy systems to modernized platforms.
- Facilitated reviews and assessments of over 200 websites for content optimization, resulting in a 20% increase in online engagement.
- Ensured compliance with software development standards through constant review and adherence to protocols, guaranteeing quality assurance.
- Deployed application modules using agile methodology which led to 40% reduction in product launch timeframes.

Digipodium,Inc

Lucknow,UP

Software developer Summer Internship

Jun 2019 - Jul 2019

- Built web-based application using Python for Digipodium, Inc., resulting in a cost savings of 20% and improved efficiency by 15%.
- Constructed desktop-based application using Java & Database for fees reconciliation System, leading to reduce errors by 70%.
- Developed Enshroud system with user friendly interface that resulted in 25% more customer satisfaction.

PROJECT EXPERIENCE

QuestionPro(Full Stack developer)

Pune,Maharashtra

Project Amber

May 2022 - Dec 2022

- Observed and collaborated with senior software engineer for the first two months to gain exposure to cutting-edge technologies such as Git, GitHub, CI/CD pipeline, React, and Struts, enhancing technical knowledge base
- Collaborated with team to manipulate data on both backend and frontend to meet client requirements. Successfully integrated MySQL databases with frontend systems, reducing data retrieval time by 15% for enhanced user experience.
- Utilized cutting-edge technologies such as React, Redux, HTML, CSS, and JavaScript to develop an innovative analytical tool that visually presents survey data through interactive charts and diagrams, leading to a 40% increase in client understanding of results.

Digipodium,Inc(Software developer Summer Intern)

lucknow,UP

Project Enshroud

Jun 2019 - Jul 2019

- Developed and deployed a web-based application utilizing Python Image Library (Pillow/PIL) and OpenCV to perform Image and Sound Based Encryption for Digipodium, Inc., achieving a better Encryption and improving efficiency

Digipodium,Inc(Software developer Summer Internshi)

Lucknow,UP

Project Fees Reconciliation System

Jun 2019 - Jul 2019

- Developed a desktop-based Fees Reconciliation System using Java Spring, AWT, and MySQL, enhancing system accuracy and providing an affordable, efficient alternative to expensive software for small businesses and institutions.
- Conducted rigorous testing to ensure quality assurance for both applications developed; achieved almost 100% bugfree results.

SKILLS

Skills and Technologies

Microsoft Office (Excel, Word, PowerPoint), java, Struts, Node.js, HTML & CSS, MVC, JavaScript, Python, MongoDB, Git, MySQL, Data Struture, MERN Stack, AWS(IAM, EC2, ELB, ASG, S3, AURORA, DynamoDB, ECS, Lambda, Batch), Docker, CI/CD, Data analysis.
